**RESEARCH ASSISTANTS VACANCIES IN HEC PROJECT**

The following positions of Research Assistants are advertised for the interest of suitable candidates in HEC funded Project No. 5719 titled "Synthesis of Magnesium, Nickel, and Magnesium-Nickel Core-Shell Nanoparticles by Water-in-Oil Microemulsion for Reversible Hydrogen Storage" as per the following details.

1. One Research Assistant purely on contract basis for a period of two years preferably an M. Phil/MS student.
2. One Research Assistant purely on contract basis for a period of two years preferably a Ph. D student.

Interested candidates are advised to send their CVs on the address of the undersigned to reach on or before 09/01/2017 (Closing time 04:00 pm).

The test/interview will be conducted on 12/01/2017 in the office of the undersigned. No TA/DA is admissible for the test/interview.

NOTE: Preference will be given to the candidates having knowledge and experience in nanomaterials synthesis by different methods, their characterization by different analytical techniques, and have knowledge of renewable energy technologies.

PI and the technical committee reserve the right to reject one or all the candidates if found unsuitable, and to cancel the test/interview without communicating any reason(s).

Dr. Mohsan Nawaz
