## Research Associate Position (1)

Applications for a "Research Associate" position are invited to work on NRPU funded project "Characterization and Antiviral Evaluation of Multiple TRIM Proteins against SARS-CoV-2" in the Department of Biotechnology and Genetic Engineering, Hazara University Mansehra. The candidate must be an M.Phil / M.S degree holder in Genetics, Biotechnology, Molecular Biology, Microbiology, or any other related fields. Experience in Molecular virology is required; however, preference will be given to the candidate(s) with the thesis on and/ or experience in molecular biology of viruses. Attractive remuneration will be given to the selected candidate. The position purely on temporary basis; initially for 1 year, followed by annual extension up to maximum 3 years subject to satisfactory performance and fund availability. There shall be no liability on the part of university during after completion of the project.

## How to apply:

Interested candidates are directed to submit their CVs with photographs to the undersigned on or before 3.00 PM, 7<sup>th</sup> October 2022. Softcopies of the application may be submitted to amjad.genetics@hu.edu.pk with subject "RA SARS-CoV-2 Project (NRPU#14988)" in the email. Shortlisted candidate(s) will be interviewed on 13<sup>th</sup> October 2022.

## Note:

- Bring your thesis and original documents at the time of interview.
- PI has the right to terminate the contract at any time.
- One or all candidates can be rejected if fund unsuitable, and test/interview can be cancelled, without communicating any reason.
- No TA/DA is admissible for the interview.
